Stock

Create a custom cell to display the stock information. Do not truncate the information (the different cells will have different heights based on the product information).

The Qty label should always be centered vertically.

Cell should not be selectable

Form

Submit

NameJane Doe

DateJanuary 1st, 2015

ActiveON

The form should be presented modally. The Name field is plain text, the Date field should use a date picker (Bonus points for doing an inline date picker), and the Active field should display a cell with a switch.
